The Shelby County Board met on Thursday, April 11, 2024, at 7:00 P.M. in Courtroom A of the Shelby County Courthouse in Shelbyville, Illinois.

Chairman Robert Orman called the meeting to order. All those present recited the Pledge of Allegiance and the prayer was given by board member Brent Wallace.

County Clerk Jessica Fox called the roll. Martin was absent.

Minutes for the March 14, 2024, board meeting were presented for approval. Williams made motion to approve the minutes. Firnhaber seconded said motion, which passed by voice vote (20 yes, 0 no).

Chairman Orman announced a vacancy in County Board District #9 due to the resignation of Cody Brands.

Debbie Thompson, HR consultant with CIRMA insurance addressed the board about the need for an employee handbook for Shelby County. Thompson stated not having an employee handbook puts the county at a huge risk. The handbook can serve as a guidebook that sets clear expectations for employees. Thompson informed the board 7 new employment laws took effect on January 1, 2024, one of those being the Paid Leave for All Workers Act. This law comes with very stringent penalties if it is not followed. Thompson stated her services were included with the CIRMA contract. Thompson plans to work with the Legislative committee on a countywide employee handbook, as she feels this is best practice and can help protect the County from lawsuits.

EMA Director Scott McKee requested approval from the board for county membership to the Illinois Public Works Mutual Aid Network (IPWMAN). The costs are \$250 per year and in the event of a natural disaster or another event that overwhelmed the county resources as far as public works, the county would receive 5 free days of mutual aid from all over the State of Illinois. The IPWMAN has been in the works since 2018 and is slowly gaining membership. Clay, Effingham, and Lawrence County are surrounding counties that are members. This covers everything from small tools to semi-trucks to getting equipment in to assist the county with cleanup.

Firnhaber made motion to approve membership. Nelson seconded said motion, which passed by roll call vote (20 yes, 0 no). Ayes: Amling, Bennett, Boehm, Brown, Cole, Edwards, Firnhaber, Hardy, Keenan, Martz, Mayhall, McCormick, Morse, Nelson, Orman, Ross, Shuff, Tate, Wallace, and Williams. Nay: none.

A special use permit for liquor sales by the Tippy Sipper was requested by No Bad Days Farms for their Rhythm and Blooms Festival to be held on Saturday, June 1, 2024, from 4:00 – 9:00 PM. This is an annual event for No Bad Days Farms. Approval allows the Chairman to issue the special use permit, which costs \$15.00. Cole made motion to approve the special use permit. McCormick seconded said motion, which passed by voice vote (20 yes, 0 no).

Chairman Orman called for the Highway Engineer's report.

County Engineer Michael Tappendorf addressed the board to request approval for 3 resolutions. Tappendorf began his report by updating the board on what the department had been busy with. The new grader has been received and the employees are very happy with it. The maintenance crew has worked on reconstructing the lowboy trailer damaged by salt, done shoulder work in areas of the county, hauled rock, filled potholes, tested trucks, 50/50's on Prairie Township, culvert installations, signage, next week they will make 2200 tons of pugmill. The office team had also been busy looking into grants, bid lettings for 2 bridges, working on railroad crossings approaches, and working on design of the County Highway 5.

Tappendorf presented a resolution to award the low bid for guardrail replacement to Midwest Fence with their low bid of \$55,709. McCormick seconded said motion, which passed by roll call vote (20 yes, 0 no). Ayes: Amling, Bennett, Boehm, Brown, Cole, Edwards, Firnhaber, Hardy, Keenan, Martz, Mayhall, McCormick, Morse, Nelson, Orman, Ross, Shuff, Tate, Wallace, and Williams. Nay: none.

Brown made motion to approve the resolution to approve the low bid award (\$495,847) for removal and replacement of a bridge in Oconee Township (over TR 387 over Matney Branch) to Samron Midwest Contracting. This bridge is located on TR Wallace seconded said motion, which passed by roll call vote (20 yes, 0 no). Ayes: Amling, Bennett, Boehm, Brown, Cole, Edwards, Firnhaber, Hardy, Keenan, Martz, Mayhall, McCormick, Morse, Nelson, Orman, Ross, Shuff, Tate, Wallace, and Williams. Nay: none.

The final resolution presented for approval was to place no passing signage in the Findlay school zone on County Highway 3 west of Findlay. Brown made motion to approve the signage. Bennett seconded said motion, which passed by voice vote (20 yes, 0 no).

Shelby County Board Meeting
April 11, 2024

Tappendorf informed the board he would like to hire another maintenance worker, which he has discussed with the road and bridge committee. Tappendorf was told if he has enough money in the budget and the Highway budget would not require an amendment he could hire an additional maintenance employee.

Deferring from the agenda, Orman called on Cole to update the board on a farming alternative to a cash lease for the county farm. Cole informed the board she had spoken with Stu Fox, who has offered to farm the county farm for nothing, if the county will purchase the seed and chemicals. Fox would provide the equipment, the fuel, and the manpower at no costs to the county to plant the farm and harvest the crop.

Cole made motion to approve an Ordinance concerning the County Farm. Boehm seconded said motion. A lengthy discussion ensued. Various topics discussed were the initial creation of county poor farms by IL, the IL constitution, oath taken by elected officials, making money not being a public purpose, risks of planting a crop being a violation of the county investment policy, HB1076, statements by state legislature that despite the signage of this bill by the Governor, farming still had to meet a public purpose, Dillon's rule, and the counties not being authorized to run a business.

With the approval of Boehm who seconded, Cole pulled her motion to approve the Ordinance.

The Farm Committee will meet and discuss planting a cover crop of the county farm ground as a contingency plan.

Firnhaber made motion to approve the county hire a camera operator to live stream the meetings as there have been some technical issues with the camera. Edwards seconded said motion. Charles Baker from Mytec Solution was live streaming the meeting. Options were discussed such as allowing volunteers, the county hiring someone to do this, paying a stipend per meeting. Firnhaber's motion, with Edwards seconded passed by voice vote (20 yes, 0 no).

Chairman Orman presented a timekeeping policy for approval. Williams made motion to approve the timekeeping policy. McCormick seconded said motion. Much discussion was also had about the timekeeping policy. Concerns have been expressed the equipment is not functioning properly, the system is not user friendly, is this a user problem or a software problem, the county would like to get away from paper timesheets, there is only so much time to process payroll, as the file has to be to the bank by 2:00 PM on Wednesday of payroll week, there is inconsistency in departments, if the employee and manager approve time, it will be correct. Williams stated he hoped to have someone from CIC and the department heads meet in early May to discuss and work on the time system issues that some are having.

Mayhall made motion to table the timekeeping policy. Cole seconded said motion, which passed by voice vote (14 yes, 6 no – Bennett, Brown, Firnhaber, McCormick, Orman, and Wallace).

Chairman Orman called for committee reports.

Animal Control attended training in Peoria and all 3 employees passed the class and are in compliance with State and Federal guidelines.

The U of I extension office was able to donate 927 pounds of deer meat.

At a recent 911 meeting, the communication issues were discussed. The board is looking at unique and effective options and looking at ways to have a broader range of communication for less money.

Continuing with Chairman appointments, Orman requested the following:

Julie Edwards to the Cooperative Extension Committee. Motion by Ross, seconded by McCormick. Motion passed by voice vote (20 yes, 0 no).

Tad Mayhall to the Cooperative Extension Committee. Motion by Ross, seconded by McCormick. Motion passed by voice vote (20 yes, 0 no).

Mitchell Shuff to the Cooperative Extension Committee. Motion by Firnhaber, seconded by Nelson. Motion passed by voice vote (20 yes, 0 no).

Lavonne Chaney to the Mental Health "708" Board. Motion by Edwards, seconded by Boehm. Motion passed by voice vote (20 yes, 0 no).

Tim Lenz as trustee of the Strasburg Fire Protection District. Motion by McCormick, seconded by Firnhaber. Motion passed by voice vote (20 yes, 0 no).

Tim Uphoff as trustee of the Findlay Fire Protection District. Motion by Martz, seconded by Morse. Motion passed by voice vote (20 yes, 0 no).

Ken Hoene as Shelbyville Fire Protection District Trustee. Motion by Firnhaber, seconded by Tate. Motion passed by voice vote (20 yes, 0 no).

Six Primary Reasons A Single Employee Handbook for Employers is Essential

OVERVIEW: Unfortunately, employers should consider it a matter of when, and not if, they will face a lawsuit or similar challenge from a current or former employee. Having an up-to-date employee handbook can help protect employers legally by ensuring all staff members are aware of their rights within the workplace.

An employee handbook plays a **KEY** role in protecting an organization against employment claims such as overtime compensation, leave policies, harassment, discrimination, breaks and other violations. When an organization is sued for such wrongful claims, the first thing your attorney asks for is an employee handbook.

REASON #1

RISK - The days of believing that a handbook can cause more harm than good are long gone. In today's business environment, a handbook serves both as a sword to carve out your legal rights as well as a shield to protect them. A handbook sets expectations, encourages employees to behave in certain ways, helps ensure employees are treated consistently, publicizes employee benefits and helps win unemployment claims and lawsuits.

REASON #2

Ensures Compliance with Federal and State Laws - No matter what type of employer or how many employees you have, you will be subject to state and federal employment laws. Your handbook not only communicates these various entitlements and obligations to employees but is useful in demonstrating that your organization strives to be compliant with these regulations. Federal and State employment regulatory bodies can attach large penalties to violations of employment, wage and collection laws, paid leave laws, etc.

REASON #3

Treat Employee Consistently - A handbook tailored to the way you do business helps ensure that managers across the organization handle issues consistently. A handbook should not be an "instruction book" on how to manage or deal with every conceivable problem or issue, but it should provide a framework for managers to follow - consistently. This will also reduce risk if there are any claims.

REASON #4

Set and Meet Employee Expectations - Employees expect their employer to communicate with them in a straightforward, professional way about all items about work. Just having a handbook demonstrates that you understand employees' needs for information and it can go a long way toward making a positive first impression on new employees and develops trust, especially with existing employees.

REASON #5

Educates Employees About What They Can Expect from Management - An employee handbook provides objectives as well as management best practices, to foster healthy management-employee relationships. It also outlines 'consistent' logistics, such as timekeeping requirements, hours of work and pay periods. Further, a complete employee handbook advises employees of their various entitlements to federal and state leaves, such as the Family Medical Leave Act (FMLA), Illinois Paid Leave For All Workers Act, Jury Service Leave. These clearly communicated policies help to eliminate confusion and inconsistencies that result when there isn't a handbook or silent on these topics.

REASON #6

Provides Information About Where Employees Can Turn for Help - Ultimately, you want employees to feel comfortable turning to a trusted member of management for help when they want to report workplace violations, obtain workplace-related assistance and get answers to any other questions they may have. The alternative is for them to turn to an outside third party, like the EEOC or DOL, which could trigger a costly and time-consuming investigation. When a handbook not only outlines one or two management individuals for an employee to turn to in these situations, but also designates another individual to turn to in the event the employee disagrees with the first decision, they are more likely to keep their complaints in-house, and this is a good thing for employers.

SUMMARY: A single well-written employee handbook provides employees with a clear understanding of their responsibilities. The handbook also serves as compass for the organization's policies and procedures. It showcases the benefits you offer. It protects the organization. A handbook needs to reflect compliance with applicable federal, state and local law. This does not mean that every law needs to be specifically referenced in detail in the handbook. Rather, the handbook should not conflict with any applicable law and should contain a clear statement that you intend to comply with all applicable laws.

SHELBY COUNTY CLERK

Resolution No. 2024-25

A Resolution Authorizing Execution of The Illinois Public Works Mutual Aid Network (IPWMAN) Agreement

Whereas, the Constitution of the State of Illinois, 1970, Article VII, Section 10, authorizes units of local government to contract or otherwise associate among themselves in any manner not prohibited by law or ordinance; and

Whereas, the Intergovernmental Cooperation Act, 5 ILCS 220/1 et seq., provides that any power or powers, privileges, or authority exercised, or which may be exercised, by a unit of local government may be exercised and enjoyed jointly with any other unit of local government; and

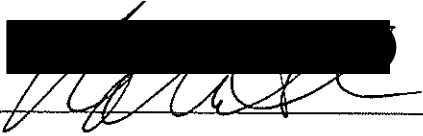

Whereas, Section 5 of the Intergovernmental Cooperation Act, 5 ILCS 220/5, provides that any one or more public agencies may contract with any one or more public agencies to perform any governmental service, activity, or undertaking which any of the public agencies entering into the contract is authorized by law to perform, provided that such contract shall be authorized by the governing body of each party to the contract; and,

Whereas, The County Board of Shelby County, Illinois has determined that it is in the best interests of Shelby County, Illinois and its residents to enter into an intergovernmental agreement to secure to each the benefits of mutual aid in public works, public works assistance, training, and other necessary functions to protect life and property and to mitigate, prepare, respond to, and recover from emergencies or disasters.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Shelby County, Illinois pursuant to its home rule powers as follows:

- I. The County Board Chairman is authorized to execute, and the County Clerk is directed to attest to the agreement for participation in the Illinois Public Works Mutual Aid Network (IPWMAN).
- II. That the County Board, The Emergency Management Director, The County Highway Engineer, or the Sheriff of Shelby County is authorized to implement IPWMAN in conformance with it's terms.

Subject: Farm meeting minutes

Shelby County Farm committee minutes from April 8, 2024.

At 6:32pm The meeting was called to order by chair person Carol Cole. Other members present were Mitchel Shuff and Jeremy Williams. Heath McCormick was absent. Several people spoke during public comment about the farm. Mitchell drafted an ordinance for the farm. Mitchell made a motion and a Jeremy seconded the motion to adopt the draft concerning the farm and present to the entire board. Motion was unanimous with 3 yes votes.

Mitchell made the motion seconded by Carol to cash rent the farm and present to the full board. Motion was unanimous, with 3 yes votes.

Carol made the motion, Mitchell seconded, to send the 2022 real estate taxes to finance for payment. Motion failed with Mitchell and Carol voting yes and Jeremy voting no.

Mitchell made a motion, seconded by Carol for KSI to perform soil testing. The motion was amended to add .25 per acre for a color map. Vote on the amended motion for 3.3a grid and .25 per acre for soil testing, Unanimous vote with Jeremy explaining he could not vote at the board meeting as a conflict of interest.

In new business the committee decided to add crop cover as a contingency to cash lease if the lease agreement fails.

Since the vote to send the tax bills to finance failed, it was decided to send to the full board for discussion and vote. Several people spoke again during PBC.

Mitchell made a motion to adjourn, Seconded by Jeremy.

Meeting adjourned at 8:00 pm.

Respectfully submitted

Sonny arrived at 4:38 pm.
absent – Tad Mayhall
2. Approval of minutes – February
Written by Martha Firnhaber
Motion made by Don to approve, Clay second. Approval passed unanimously.
3. Public Body Comment **Carol mentioned a person coming into the store and they**
conversed Pella windows and she believes UTZ was contacted about Pella.
Teresa asked if we had received an email and Martha advised not up to this
moment.
4. Review and discussion committee policy, if needed
5. Review claims (invoices) submitted for payment by County Departments from
General Fund, Special Fund accounts not reviewed by the Road/Bridge committee
and Animal Control Fund not reviewed by their committee.

Mytec bill for SA office had a coversheet with an amount payable of \$2,875.94
which we could not get the invoices to total up to. We were able to get the
invoices to total \$1,437.97. We agree to payment of \$1,437.97 per the statement
rather than paying per the coverletter showing double that amount.

Sonny made a motion to pay \$1,437.97 per the Mytec Statement and to modify
the amount on the claim sheet from \$2,875.94 to \$1,437.94. Don seconded.
Motion passed unanimously.

John made a motion to accept the bills as presented. Paul second it and it was approved by all saying aye.

Managers Report

All the trees have been cleared and the fence removed along the east side from the south end up to Ivan Baines property. There are still two holes to fill in where there were two burn piles that was dug out, for root balls and such, but has been to muddy to fill in. Talk to Jim Schwerman and he's going to have Jim Hampton come in and run a ripper over it to break it up, to get it ready to farm. Scott said he's still waiting on parts from Hali-Brite to fix the beacon, that it's still out. Reber Welding came out and repaired Steve's hangar door where Tim Swiney, who had just purchased Tyler Chamberlains plane, an Aeronica Champ, came out and tried propping it himself and it got away from him. Scott said Tim grabbed the right wing tip and it spun around running into Steve's hangar door barely missing his plane. Tim's plane will be out of service until he gets a new propeller and motor mount and has the engine check out. Tim's a new hangar renter since the plane was already based here and had a hangar.

Scott said he heard from the mowers and that they do plan on coming back this year to mow the grass strips but not sure when yet. Scott mentioned his son Lyle was out and together they rearranged the SRE building and put the snow plow away for the summer. They got the harrow out getting ready for the grass runways and also got the roller filled with water ready to roll them.

Lake Shelbyville Flying Club had two students solo that day, a father and son, Cory Wells and his son Ethan. Scott said the flying club has been a good thing for the airport so far. Scott mentions a person from Decatur has donated a RV6 Kit to the local EAA chapter and it will be discussed at the chapters monthly meeting the next evening. Scott said with that being said, at present it is on his trailer and will need some place to be stored and put together. A short discussion ensued on the matter.

Scott mentions the only thing left with the fence removal is the three gates and what to do with them. After some discussion it was decided that they be removed and possibly replaced with new gates, depending how the fence issue finalizes. Some discussion followed on the subject.

Scott also mentions the CAP folded, (Civil Air Patrol). They had two kids that aged out and didn't have enough to keep the club going. The EAA Chapter 814 here at the airport is having a breakfast/fly-in on May 4th and Scott ask John what his plans for a car show were for this year and John replied that he was thinking on it. Scott also mentioned that he had been contacted by the Covier people again and that they would like

to come back again either late May or early June in 2025. Some discussion on the Covier group ensued. Also the EAA chapter is talking about having a poker run, where you would fly to different airports to get your hand, then come back here. The chapter is also talking about having a treasure hunt where the pilot takes a non-flying person with them as a camera man to take pictures of certain things at different locations. There would be like a month to get this done, then have a group of people to act as judges to look at everyones pictures. Scott said these are just a few things the EAA Chapter is talking about to keep things going on at the airport.

End of Managers Report

Carol asks Scott how the TAP pilot, (Train a Pilot), was coming along at the Decatur EAA chapter and Scott replied it wasn't moving along like it should be and explained some on it.

Carol also asks Scott what it meant to go SOLO. Scott explained that SOLO means the student is the only one in the airplane and shows the instructor that he or she can take the plane up and do a few landings and takeoffs on their own without the assistance of an instructor, then the instructor can sign them off too SOLO if they can do it his satisfaction.

Old Business

Scott mentions needing to talk to Lindsay Hausman to see if she has found out anything about getting our farm ground back on the west side of runway 18-36. Some discussion ensued on the issue.

New Business

Steve said we only had one engineering firm put their name in to be our consultants and it was Hanson's. Rick made a motion to elect Hanson Professional Services to be our consultants for the next five years. John second it and it was approved by all saying aye.

Scott asks Steve if he had heard anything from Lindsay Hausman on the reskinning of the Main Hangar. Steve said he would have to check with her and get updated before he could really say. Some discussion ensued on the reskinning of the hangar.

Steve said the resurfacing of the ramp will come first because it would be considered a safety issue, then the Main Hangar. Steve also mentioned that airport had \$120,000 in CD's and the ramp would take 5% of that. The reskinning would be 10% to the airport, so we probably wouldn't have enough to due it without taking out a loan. Some discussion ensued.

Paul made a motion to adjourn and John second it.
