SHELBY COUNTY BOARD MEETING

March 14, 2012 – 9:00 A.M.

The Shelby County Board met on Wednesday, March 14, 2012, at 9:00 A.M. at the Courthouse in Shelbyville, Illinois.

Chairman Bruce Cannon called the meeting to order. All present recited the Pledge of Allegiance.

County Clerk Kathy Lantz called the roll. Jesse Durbin was absent.

Following the roll call, Chairman Cannon thanked Yolanda Nation and the 4-H Federation representatives who treated the County Board to cinnamon rolls and novelty gifts. Jason Becker briefed the board on the activities planned to celebrate 4-H Week beginning March 17th. The Board gave the 4-Hers a resounding round of applause for their work.

Minutes for the February 8, 2012 board meeting were presented for approval. Clark moved to approve the minutes as presented. Strohl seconded said motion, which passed by voice vote. (20 yes, 0 no)

Robin Yockey, Certified Public Accountant and partner of the firm Mose, Yockey, Brown and Kull, LLC, addressed the board to present the County's audit report for the fiscal year (FY) ending August 31, 2011. Mrs. Yockey explained there were three components of the audit 1) the financial, 2) internal controls and 3) federal compliance. Each component of the audit requires an opinion that is noted in the audit. The County received fourteen state income tax distributions during FY 2011, compared to the nine the year before. Drawing the Board's attention to the management discussion and analysis reports, Mrs. Yockey noted Shelby County's financial highlights. The highlights are the County's management report of items that the Budget Committee felt significant to include. Fund Financial Statements provide an entity wide look at the county's finances but provide detail of the County's General Fund and major Special Revenue Funds. It was noted that the County's expenditures stayed level; there was no long term debt and net assets increased. There was one instance of noncompliance material to the financial statements and that was due to timing. Ending the audit report, Mrs. Yockey recommended that the interfund receivable and payable balance be investigated and that board action be taken to either repay or forgive the loans. Three funds reported as capital projects funds have had no activity and the recommendation is that the board considers eliminating those funds. Chairman Cannon thanked Mrs. Yockey for the County Audit report. (County Audit attached to these minutes).

Kristie Warfel, CEFS Transportation Director, addressed the board to present two applications regarding public transportation's job access reverse commute and vehicle procurement. (Both documents attached to these minutes).

Amling moved to approve the Job Access Reverse Commute CY 2012 Grant Application Resolution for public transportation as presented. Wetherell seconded said motion, which passed by voice vote (20 yes, 0 no).

Bennett moved to approve the IDOT 2012 Consolidated Vehicle Procurement Rolling Stock Capital Assistance Application Resolution as presented. Clark seconded said motion, which passed by voice vote (20 yes, 0 no).

Legislative Committee Chair Amling stated the committee met and recommends the approval of the Resolution to Oppose the Closing of the United States Postal Service (USPS) Springfield Illinois (IL) Processing Center. (Resolution attached to these minutes).

Barr moved to approve the Resolution Opposing the Closing of the USPS Springfield IL Processing Center. Simpson seconded said motion, which passed by voice vote (20 yes, 0 no).

Animal Control Committee Chair Jordan presented the Ordinance Amending the Animal Control Ordinance 84-1 to increase the fee imposed and collected by the County Animal Control office for the disposal of animals to \$17.50. After discussion the fee was set at \$20.00. (Ordinance Amendment attached to these minutes).

Doerner moved to approve the Ordinance Amending the Animal Control Ordinance 84-1 to increase the fee imposed and collected by the County Animal Control office for the disposal of animals to \$20.00. Cruitt seconded said motion, which passed by roll call vote (19 yes, Barr voting no).

Public Building and Grounds Committee Chair Warren requested approval of the resolution to put out for bids the specifications for improvements to the Shelby County Courthouse as presented. Richard Morse of Melotte, Morse, Leonatti, Parker Ltd. and Matt Goebel of Morrissey Construction Company explained the geothermal heating/cooling system, window restoration process and storm windows. (Resolution attached to these minutes).

Warren moved to approve the Resolution to Bid Courthouse Improvements. Barr seconded said motion (19 yes, Behl voting no).

At this time, Chairman Cannon called for the County Highway Engineer's report.

Shelby County Board Meeting
March 14, 2012

Alan Spesard, County Highway Engineer presented four petitions and two resolutions and provided a brief update at the end of his report. (Petitions, resolutions attached to these minutes). Mr. Spesard thanked Sheriff Mike Miller and the Law Enforcement Committee for the vehicle donated by the Sheriff's Department to the Highway Department.

Strohl made motion to approve the Resolution to award the contract to Howell Paving for the materials required in the maintenance of Shelby County roads. Warren seconded said motion, which passed by voice vote (19 yes, 0 no, 1 abstaining).

Wetherell made motion to approve the Resolution to award the contract to Brad Agney d/b/a Brad Agney Backhoe Service for the Todds Point Township Railroad Crossing project. Robertson seconded said motion, which passed by voice vote (20 yes, 0 no).

Lenz made motion to approve the Petition to repair a culvert in Richland Township. Warren seconded said motion, which passed by voice vote (20 yes, 0 no).

Jordan made motion to approve the Petition to repair a culvert in Todds Point Township. Clark seconded said motion, which passed by voice vote (20 yes, 0 no).

Jordan made motion to approve the Petition to repair a culvert in Todds Point Township. Kearney seconded said motion, which passed by voice vote (20 yes, 0 no).

Wetherell made motion to approve the Petition to repair a bridge in Richland Township. Gergeni seconded said motion, which passed by voice vote (20 yes, 0 no).

EMA/Zoning Administrator Jared Rowcliffe highlighted the EMA/Zoning report previously mailed to the Board for their review. As the 911 Ad Hoc Committee Chair, Mr. Rowcliffe gave a brief update of the committee's recent organizational meeting. Chairman Cannon explained that this project will be a multi-year study before any recommendation comes to the board.

Chairman Cannon called for committee reports. (Committee reports are attached to the minutes). Reports were given and items presented for follow-up are as follows:

Fees and Salaries Committee Chair Bennett stated that the committee met with the elected officials to set compensation for the new term. This committee then met with the Budget Committee to discuss compensation. It is the recommendation of both committees to increase the compensation for the Circuit Clerk, Supervisor of Assessments **and Coroner** by \$3,850.00 and to give the Coroner monetary value equivalent to the County's health insurance premiums. The board will vote on compensation increases at the April board meeting.

Chairman Cannon stated that he has two appointments to fill for the Region 8 Transportation District. See the Chair, if interested.

Chairman Cannon requested the following appointments:

Robert Hemer, member Moweaqua Fire Protection District

Bill Hampton, member Zoning Board of Appeals

Hayden made motion to approve the Chairman's appointments. Wetherell seconded said motion, which passed by voice vote (20 yes, 0 no).

There was no correspondence to report to the board and no public body comment.

At this time, Amling gave a brief update on the Kaskaskia Basin Water Supply Study.

There was no further business to come before the Shelby County Board.

Clark made motion to assess mileage and per diem for the March meetings, to pay the bills/payroll as approved by the committees and adjourn until the next regular meeting to be held on April 11, 2012. Doerner seconded said motion, which passed by voice vote (20 yes, 0 no) and the meeting was adjourned at 10:50 A.M.

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Shelby County, Illinois, for the year ended August 31, 2011. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and OMB Circular A-133 as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 5, 2012. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Principles

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Shelby County, Illinois are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during fiscal year 2011. We noted no transactions entered into by the county during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the depreciation expense is based on the estimated useful lives by asset type. We evaluated the key factors and assumptions used to develop the depreciation expense in determining that it is reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the county's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representation from management that are included in the management representation letter dated March 9, 2012.

Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the county's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the county's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the modified cash basis of accounting, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the County Board and management of Shelby County, Illinois, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

County Board Members
Shelby County
Shelbyville, Illinois

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Shelby County, Illinois as of and for the year ended August 31, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Shelby County, Illinois' management. Our responsibility is to express opinions on these statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 1, Shelby County, Illinois prepares its financial statements on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The County has omitted disclosures required by Governmental Accounting Standards Board Statement 45 *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. The amount by which this disclosure would affect the financial statements is not reasonably determinable.

In our opinion, except for the effects of the omission described in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position – modified cash basis of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Shelby County, Illinois, as of August 31, 2011, and the respective changes in financial position – modified cash basis, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 9, 2012, on our consideration of Shelby County, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 7 through 13 and 45 through 50 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Shelby County, Illinois' basic financial statements taken as a whole. The combining fund financial statements and the Section 5311 Annual Financial Report listed as other supplementary information in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The combining fund financial statements, the Section 5311 Annual Financial Report, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

The IMRF Schedule of Funding Progress included with this report is not a required part of the financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted primarily of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

County Board Members
Shelby County
Shelbyville, Illinois

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of Shelby County, Illinois, as of and for the year ended August 31, 2011, which collectively comprise Shelby County, Illinois' basic financial statements and have issued our report thereon dated March 9, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Shelby County, Illinois' internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Shelby County, Illinois' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Shelby County, Illinois' internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurances that all deficiencies, significant deficiencies or material weaknesses have been identified. However, as described in the accompany schedule of finding and questioned costs, we identified a deficiency in internal control over financial reporting that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We considered the deficiency described in the accompanying schedule of findings and questioned costs, as item B-1, to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Shelby County, Illinois' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item B-2.

Shelby County, Illinois' responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Shelby County, Illinois' response and, accordingly, we express no opinion on it.

We noted certain matters that we reported to management of Shelby County in a separate letter dated March 9, 2012.

This report is intended solely for the information and use of the County Board, management, others within the organization, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT
COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

County Board Members
Shelby County
Shelbyville, Illinois

Compliance

We have audited Shelby County, Illinois' compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of Shelby County, Illinois' major federal programs for the year ended August 31, 2011. Shelby County, Illinois' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Shelby County, Illinois' management. Our responsibility is to express an opinion on Shelby County, Illinois' compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Shelby County, Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Shelby County, Illinois' compliance with those requirements.

In our opinion, Shelby County, Illinois, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2011.

Internal Control Over Compliance

Management of Shelby County, Illinois, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Shelby County, Illinois' internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Shelby County, Illinois' internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the County Board, management, others within the organization, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**SHELBY COUNTY, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* (GASB No. 34), which established new requirements and a new reporting model for the annual financial reports of governments. The objective of the MD&A section is to enhance the understandability and usefulness of the basic financial statements. The MD&A should be read as an addendum to other information presented in the financial statements such as the Notes to the Financial Statements.

The financial statements incorporate the Shelby County Office of Tourism as a discretely presented component unit per GASB Statement No. 14. The Shelby County Airport Commission is included as a unit of the County. The Shelby County Airport Commission is considered a non-major governmental fund of the County.

Condensed financial statements shown in the MD&A are presented for the primary government only, and exclude the component unit. Therefore, the primary government referred to in the MD&A statements for Governmental activities is comprised of the County and the Airport Commission.

FINANCIAL HIGHLIGHTS

- The County's share of state income tax increased 78.3% from the prior year. Fourteen payments were received and reported by the county in fiscal year 2011, while nine payments were received and recorded in fiscal year 2010.
- The Herrick 51 Bridge Project was completed during fiscal year 2011. \$578,836 was added to the County's infrastructure assets in the Statement of Net Assets. The project was 80% federally funded.
- Shelby County was the recipient of several grants and reimbursements during fiscal year 2011:
 - The Rural Transportation program was the recipient of three vehicles valued at \$149,530.
 - The Emergency Management office received a Technology Grant of \$21,273 from the Illinois Law Enforcement Alarm System
- Construction of five additional hangars at the Shelby County Airport was in process at August 31, 2011.
- General fund expenditures remained level in comparison with the prior fiscal year, increasing only \$2,578 or .06%.
- As a result of a tax sale in error, Shelby County was required to repay approximately \$91,000 in taxes, interest, fees and costs. This repayment was netted against the county's first distribution of 2010 real estate taxes.
- The financial statements reflect new fund balance classifications required by Governmental Accounting Standards Board Statement 54.

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's basic financial statements include 1) government-wide financial statements, 2) governmental and fiduciary fund financial statements, and 3) notes to the financial statements. The basic financial statements also contain required and other supplementary information.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Government-wide financial statements provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. The two government-wide statements are prepared on the modified cash basis of accounting and are explained below. Any internal activities within activity type in the government-wide financial statements have been eliminated or reclassified.

The Statement of Net Assets – Modified Cash Basis includes the County's total assets and liabilities, with the difference reported as net assets. Over time, increases or decreases in net assets can serve as a useful indicator of whether the financial position of the County is improving or deteriorating. A condensed version of this statement for Governmental activities is presented in the MD&A.

The Statement of Activities – Modified Cash Basis reports how the County's net assets changed during the fiscal year. An important purpose of the design of the statement of activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers.

Both government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues. Governmental activities of the County include general government, public safety, corrections, judiciary, public works/transportation, and health and welfare.

FUND FINANCIAL STATEMENTS

The fund financial statements provide detailed information about significant funds available for appropriation. Fund accounting ensures compliance with finance-related legal requirements. The County has the following two types of funds:

Governmental Funds – Most of the County's basic services are included in governmental funds. The fund statement focuses on (1) cash and financial assets that can readily be converted to cash flow and (2) the balances remaining at year-end that are available for spending. The governmental funds financial statements provide a detailed short-term view. The General Fund is the main operating account of the County and the largest of the governmental funds. Fund income is comprised of various sources for non-dedicated purposes. Other major governmental funds include the County Health Fund, the County Highway Fund, the Municipal Retirement Fund, the Mental Health Fund and the Rural Transportation Fund. Remaining governmental funds, which include special revenue funds and capital projects funds, are considered non-major governmental funds.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs. The County's fiduciary funds consist of agency funds, which are used to account for monies received, held and disbursed, as required by statute.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

On the following condensed statement, net assets are calculated as total assets less total liabilities. Assets are distinguished as capital assets and the remainder as current and other assets. Liabilities are classified as long-term (average maturity of greater than one year) and the remainder as other liabilities. Per generally accepted accounting principles, net assets are subdivided into three categories; net assets invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The County had \$986,991 and \$980,530 of restricted net assets as of August 31, 2011 and 2010, respectively. Net assets may serve over time as a useful indicator of a government's financial position. The Governmental net assets were \$24,854,328 and \$23,679,822 as of August 31, 2011 and 2010, respectively.

Following is a separate Summary of Net Assets – modified cash basis as of August 31, 2011 and 2010 for Governmental Activities:

**Summary of Net Assets – Modified Cash Basis
Governmental Activities
August 31, 2011 and 2010**

	<u>2011</u>	<u>2010</u>
Current and other assets	\$12,100,246	\$11,656,696

Total Net Assets	<u>\$24,854,328</u>	<u>\$23,679,822</u>

Fifty-two percent of the County's Government-wide total net assets reflect investment in capital assets such as land, buildings, machinery, and equipment, less any related outstanding debt used to acquire those assets as of August 31, 2011 compare to 51% as of August 31, 2010. The County uses these capital assets in operations and, consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of unrestricted net assets may be used to meet the County's ongoing obligations. As of August 31, 2011 and 2010, the County had positive balances in all categories of net assets for the governmental activities. Net assets increased \$1,174,506 for governmental activities. The County's overall financial position improved during fiscal year 2011. ✓

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County's Governmental Funds provide information on near-term inflows, outflows, and balances of spendable resources. The unreserved fund balance indicates the net resources available for spending at the end of the fiscal year. It is a particularly useful indicator of net resources. When coupled with future resources, these resources shape the programs and the disbursements in future years. Per the Statement of Revenues Received, Expenditures Disbursed and Changes in Fund Balance, the County's Governmental Funds reported a combined fund balance of \$11,762,396 and \$11,382,114 as of August 31, 2011 and 2010, respectively. Of these amounts, \$7,177,127 is restricted due to external limitations on its use, such as by debt covenants, legal restrictions, or intention of grantors, donors, or trustees. A total of \$2,701 of fund balance is considered unspendable because it has been used for advances, inventory, and prepaid items. Committed fund balances total \$1,905,951 and represent amounts that have been committed by formal action of the County Board. A total of \$1,138,627 has been assigned meaning there are limitations resulting from its intended use, such as construction of capital assets, payment of debt service, and for other purposes. The remaining \$1,537,990 is unassigned and can be used for any lawful purpose.

The fund balance for all Governmental Funds at the fiscal years ended August 31, 2011 and 2010 had a positive net change of \$380,282 and \$317,824, respectively.

Per the Statement of Revenues Received, Expenditures Disbursed and Change in Fund Balance, total Governmental receipts for the fiscal years 2011 and 2010 were \$10,647,647 and \$9,471,289, respectively and total disbursements were \$10,267,365 and \$9,153,465, respectively.

GENERAL FUND

The County Board concentrates its financial oversight on the General Fund because it is the core operating fund and allows the most discretion in allocations. At the end of the current fiscal year, unassigned fund balance of the general fund is \$1,561,290, while total fund balance is \$4,115,139. As a measure of the general fund's liquidity, it may be useful to compare the unassigned fund balance and total fund balance to total fund expenditures and other financing sources. Unassigned fund balances represents 37 percent of total general fund expenditures and other financing sources, while total fund balance represented 97 percent of that same amount. For the year ended August 31, 2011, receipts of \$4,244,331 less disbursements of \$4,043,919 resulted in an increase in fund balance of \$200,412. After the net transfers of (\$193,090), the result was a net increase in the General Fund fund balance of \$7,322. For the year ended August 31, 2010, receipts of \$3,857,736 less disbursements of \$4,041,341 and net transfers of (\$203,131) resulted in a decrease in fund balance of \$386,736.

The largest receipt sources for the General Fund are property taxes, sales taxes, and income taxes which account for 69 and 63 percent of receipts for the years ended August 31, 2011 and 2010. General government and public safety are the primary operations of the general fund. Approximately 83 and 83 percent of the General Fund's disbursements are for general government and public safety activities for the years ended August 31, 2011 and 2010.

COUNTY HEALTH FUND

The largest source of revenues received for the County Health Fund are property taxes, federal and state grant receipts from State of Illinois agencies which account for 89 and 84 percent of receipts for the years ended August 31, 2011 and 2010, respectively. The County Health Fund's basic purpose is the protection and improvement of the public health in the County.

COUNTY HIGHWAY FUND

The largest source of revenues received for the County Highway Fund are property taxes, federal and state grants and Motor Fuel Tax which accounts for 93 and 92 percent of receipts for the years ended August 31, 2011 and 2010, respectively. The County Highway Fund accounts for the maintenance and construction of roads and bridges in the County.

MUNICIPAL RETIREMENT

The largest source of revenues received for the Municipal Retirement Fund is property taxes which accounts for 97 and 98 percent of receipts for the years ended August 31, 2011 and 2010, respectively.

MENTAL HEALTH FUND

The largest source of revenues received for the Mental Health Fund is property taxes which accounts for 94 and 94 percent of receipts for the years ended August 31, 2011 and 2010, respectively. The Mental Health Fund's basic purpose is to provide for the community health facilities and services for the mentally challenged in the County.

RURAL TRANSPORTATION

The largest sources of revenues received for the Rural Transportation Fund are federal and state grants which account for 100 percent of receipts for the years ended August 31, 2011 and 2010. The Rural Transportation Fund provides public transportation for the residents of the county.

BUDGETARY HIGHLIGHTS

The County prepares an estimate of revenues and a budget for the General Fund and all of the Special Revenue Funds using the modified cash basis of accounting. The County's Fiduciary Funds are not required to prepare budgets. The General Fund's actual receipts were more than budgeted amounts by \$1,679,835 and actual disbursements were less than budgeted amounts by \$211,659, resulting in a positive budget variance of \$1,891,494. The required Supplementary Information section contains the Budgetary Comparison Schedule – Modified Cash Basis for the General Fund, County Health Fund, County Highway Fund, Municipal Retirement, and Mental Health Fund on pages 43 through 47.

CAPITAL ASSETS AND DEBT ADMINISTRATION

CAPITAL ASSETS

The County's investments in capital assets as of August 31, 2011 and 2010 (net of accumulated depreciation), are summarized below for Governmental-Type Activities:

**Capital Assets
Governmental Activities
(Net of Depreciation)
August 31, 2011 and 2010**

	2011	2010
Land	\$ 3,303,690	\$ 3,303,690

Equipment	201,782	278,497
Total Capital Assets, net of depreciation	\$12,989,455	\$12,171,051

During fiscal years 2011 and 2010, total capital assets for the County had a net increase (including additions, decreases, and depreciation) of \$818,404 and \$1,780,640, respectively. These increases reflect the current additions for vehicles, equipment, building and highway infrastructure and other miscellaneous equipment. The County recorded \$644,156 and \$591,426 of depreciation expense for the fiscal years 2011 and 2010, respectively and the amounts of accumulated depreciation are \$5,847,354 and \$5,225,476 as of August 31, 2011 and 2010, respectively.

More detailed information is presented in Note 5 to the financial statements.

SHORT-TERM DEBT

The County has a statutorily imposed legal general obligation bond limit of 5.75% of its total assessed valuation. That limit is approximately 17.8 million dollars, and is substantially greater than current outstanding debt principal.

The following is a summary of the County's gross outstanding short-term debt as of August 31, 2011 and 2010:

**Outstanding Short-Term Debt

Notes to Basic Financial Statements

SHELBY COUNTY, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
AUGUST 31, 2011

Note 1 - Summary of Significant Accounting Policies

Shelby County, Illinois was created on January 23, 1827 by an act of state legislature. The County is governed by an elected 22 member board and provides the following services: public safety, tax collection, highways and streets, health and social services, public improvements, planning and zoning, airport operations, corrections, public records, and general administration.

A. Reporting Entity

The accompanying financial statements present the County's primary government and component units over which the County exercises significant influence. Component units are legally separate organizations for which the elected officials of Shelby County are financially accountable. Shelby County would be considered financially accountable if it appoints a voting majority of the organization's government body and (1) it is able to impose its will (significantly influence the programs, projects, activities, or level of services performed or provided by the organization) on the organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on Shelby County (i.e., entitled to or can access the organization's resources, is legally obligated or has otherwise assumed the obligation to finance deficits of, or provide financial support to the organization, or is obligated in some manner for the debt of the organization). If an organization is fiscally dependent on Shelby County, the County is considered financially accountable regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

The County's reporting entity includes the County's governing board and its component units for which the County is financially accountable under the definition described above. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the County.

Blended Units

Shelby County Airport Commission (SCAC)

Financial reporting for the Shelby County Airport Commission (SCAC) is blended with the primary government financial statements. The SCAC operates a landing field. Three members of the Shelby County Board serve as trustees of the SCAC. SCAC assets and activities are reported in the Airport Special Revenue Fund.

Shelby County Health Department (SCHD)

The County Board members appoint the Shelby County Health Board and approve the appropriations for the SCHD. In addition, the County Treasurer's office maintains the accounting records of the SCHD. The payroll of the SCHD is included with and processed with the County's payroll. The SCHD funds have been included in the County's reporting entity as special revenue funds.

Note 1 – Summary of Significant Accounting Policies (continued)

Discretely Presented Component Unit

The discretely presented component unit included in the County's financial statements is the Shelby County Office of Tourism (SCOT). The SCOT encourages and promotes tourism in the Shelby County area. All members of the SCOT board are selected by the chairman of the Shelby County Board and approved by the Shelby County board members. SCOT employees manage the assets and maintain the accounting records and payroll records for SCOT. The SCOT does not issue separate financial statements.

B. Related Organizations

The County Board Chairman and County Board make appointments of the governing boards of a number of fire protection, drainage and other districts. Even though the County Board may appoint a majority of the members of the respective districts, the members do not serve at the discretion of the County Board, that is, they can be removed only for cause. There are no indications that the County Board can impose its will over these districts and, therefore, has no financial accountability. These units are not considered units of Shelby County, Illinois.

C. Basis of Presentation

The County's basic financial statements include both the government-wide and fund financial statements. The County's general and special revenue funds are classified as governmental activities. The County does not have any enterprise or internal service funds to report.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column. Fiduciary fund assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government.

The government-wide financial statements (i.e., the statement of net assets-modified cash basis and the statement of activities-modified cash basis) report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Shelby County does not have any business-type activities. Likewise, the primary government is reported separately from its legally separate component unit for which the primary government is financially accountable.

SHELBY COUNTY, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
AUGUST 31, 2011

Note 1 – Summary of Significant Accounting Policies (continued)

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. *Direct* disbursements are those that are clearly identifiable with a specific function or segment. *Program receipts* include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and (2) operating and capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program receipts are reported instead as *general receipts*.

D. Fund Accounting

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, receipts, and disbursements. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are summarized by type in the basic financial statements. The following fund types are used by the County:

Governmental Funds

Governmental funds are those funds through which most governmental functions typically are financed. The acquisition, use and balances of the County's expendable financial resources and the related current liabilities are accounted for through governmental funds. The measurement focus is on determination of "financial flow". The county's major governmental funds are:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *County Health Fund* is used to account for receipts and disbursements pertaining to the general operation of the Shelby County Health Department. The basic purpose of the Department is the protection and improvement of the public health in the County.

The *County Highway Fund* is used to account for receipts and disbursements pertaining to the general operation in the Shelby County Highway Department. The basic purpose of the Department is the maintenance and construction of roads and bridges in the County.

The *Municipal Retirement Fund* is used to account for receipts and disbursements pertaining to the retirement of the County's employees.

The *Mental Health Fund* is used to account for receipts and disbursements pertaining to the Mental Health Fund. The basic purpose of the Department is to provide for the community health facilities and services for the mentally challenged in the County.

SHELBY COUNTY, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
AUGUST 31, 2011

Note 1 – Summary of Significant Accounting Policies (continued)

The *Rural Transportation Fund* is used to account for receipts and disbursements pertaining to Rural Transportation. The basic purpose of the fund is to provide public transportation for the residents of the county.

Fiduciary Funds

Fiduciary funds include agency funds. Agency funds are purely custodial (assets equal liabilities) and thus, do not involve measurement of results of operations.

Agency Funds—Agency funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, an/or other funds. The County has fifteen agency funds.

E. Basis of Accounting

Basis of accounting refers to when receipts and disbursements are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The *government-wide financial statements* are reported using the economic resources measurement focus and the modified cash basis of accounting. Receipts are recorded when received and disbursements are recorded when checks are written. Capital assets are capitalized when purchased and depreciation is recognized over the estimated useful lives of the assets. Long-term liabilities are recognized when cash proceeds are received or the liabilities are incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified cash basis of accounting. Receipts are recorded when received and expenditures are recorded when checks are written. Only assets representing a right to receive cash arising from a previous payment of cash are recorded as assets. In the same manner, only liabilities resulting from previous cash transactions are recorded as liabilities.

Financial statements prepared on the modified cash basis of accounting are not intended to present financial position and results of operations in accordance with accounting principles generally accepted in the United States of America.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance as the County does not have any business-type activities and enterprise funds as of August 31, 2011.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 1 – Summary of Significant Accounting Policies (continued)

F. Budgets and Budgetary Accounting

Shelby County follows these procedures in establishing the budgetary data reflected in these financial statements.

1. Prior to September 1, a proposed operating budget is prepared for the general fund and special revenue funds. This operating budget includes proposed disbursements for each line item in the general fund and major disbursement categories in the special revenue funds, and the proposed amount of real estate taxes to levy. No formal budgets are prepared for any funds other than the general fund and special revenue funds.
2. Public hearings are conducted through July and August to obtain taxpayer comments.
3. In September, the budget is legally enacted through the passage of an appropriation ordinance and a tax levy ordinance.
4. Budgets are adopted on the modified cash basis of accounting.
5. Budgets lapse at year end. Shelby County reappropriates the following year any unperformed contracts, commitments or any other encumbrances.
6. The County Board determines any amendments that may be made to the budget. Evaluation and financial control is also determined at the County Board level.
7. Formal budgetary integration is employed as a management control device during the year.

The original budget was adopted on September 8, 2010. Revisions were approved January 12, 2011 and the final budget on August 10, 2011. Both original and final amended budgets are presented as approved by the County Board.

G. Cash and Cash Equivalents

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

H. Certificates of Deposit

Certificates of deposits are stated at cost and held for investment purposes and have original maturities exceeding three months.

I. Inventory

The County does not maintain inventories of supplies and materials with the exception of the value of the Real Estate Tax Stamps as held by the County Clerk's office. The tax stamp inventory is reported at cost using the specific identification method.

SHELBY COUNTY, ILLINOIS
 NOTES TO BASIC FINANCIAL STATEMENTS
AUGUST 31, 2011

Note 1 – Summary of Significant Accounting Policies (continued)

J. Interfund Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “due to/from funds” on the governmental funds statement of assets, liabilities and fund balance - modified cash basis.

K. Notes Receivable

The County has two notes receivable that are recorded as an asset on the government-wide statement of net assets-modified cash basis. In the fund financial statements, principal and interest payments are recorded as receipts in the statement of revenues received, expenditures disbursed and changes in fund balance.

L. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, (e.g., roads, bridges, and similar items) are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 (amounts not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at estimated fair market value at the date of donation.

Property, plant, and equipment of the County, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	10-50
Land Improvements	15
Equipment and Vehicles	3-10
Infrastructure - Highways, Bridges, etc.	20-50

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, if applicable.

M. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statements of net assets-modified cash basis. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds.

In the fund financial statements, governmental fund types recognize the face amount of debt issued as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

AUGUST 31, 2011

Note 1 – Summary of Significant Accounting Policies (continued)

N. Capital Leases

Leases, which are in effect financing agreements under the provisions of FASB Statement 13, are recorded as capital leases. The present value of the asset and liability at the inception of the lease are recorded on the County's statement of net assets - modified cash basis.

O. Interfund Transfers

The interfund transfers shown in the financial statements are categorized as operating transfers. Operating interfund transfers are those routine kinds of transfers made between funds due to the unique relationships between the funds involved. These transfers have not been recorded as loans with interfund repayment requirements.

P. Use of Estimates

The preparation of financial statements with the modified cash basis of accounting requires the County to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues received and expenditures disbursed during the reporting period. Actual results could differ from these estimates.

Q. Fund Equity

Fund Balances

Governmental Accounting Standards Board Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions," requires fund balances on the governmental fund financial statements to be classified into five major classifications: Nonspendable Fund Balance; Restricted Fund Balance; Committed Fund Balance; Assigned Fund Balance; and Unassigned Fund Balance.

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

SHELBY COUNTY, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
AUGUST 31, 2011

Note 1 – Summary of Significant Accounting Policies (continued)

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the County Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The County Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted or committed. Intent may be expressed by (a) the County Board itself or (b) by an official or body to which the governing body delegates the authority.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the individual funds.

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Prior to implementation of GASB 54, fund balances of special revenue fund types were reported as "unreserved". These amounts were reclassified as to the appropriate GASB 54 category as of September 1, 2010.

Net Assets

In the government-wide financial statements, net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, less outstanding principal of related debt. Restricted net assets have a limited use due to restrictions imposed by outside third-parties, such as creditors or grantors, or restrictions imposed by law through enabling legislation.

SHELBY COUNTY, ILLINOIS
 NOTES TO BASIC FINANCIAL STATEMENTS
AUGUST 31, 2011

Note 2 - Property Taxes

Property taxes are levied by the Shelby County Board and are collected by the Shelby County Treasurer.

Property tax revenues are recognized when they are received on the modified cash basis of accounting. Taxes levied and uncollected are not carried as an asset of the related fund.

Property taxes collected in calendar years 2010 and 2011 attached as an enforceable lien on property as of January 1, 2009 and 2010, respectively. These taxes were required to be levied by the County prior to the last Tuesday in December. The 2009 and 2010 levies were adopted by the County in September, 2009 and September, 2010. Property taxes were due from property owners in two installments in August and October. The property tax receipts for the year ending August 31, 2011, as shown in the financial statements, consist of two distributions from the 2009 levy and one distribution from the 2010 levy. Property taxes are distributed from August through February.

Taxes become a lien against property if not paid by the date of the tax sale. Shelby County's tax sale was held on December 7, 2010.

The following are the assessed valuations and tax rates applicable to the various levies per \$100 of assessed valuation for the property tax collections included in these financial statements.

	2010 <u>Maximum</u>	<u>2010 Levy</u>	<u>2009 Levy</u>

Fiduciary Funds	<u>7,339,264</u>	<u>--</u>
Total	<u>\$ 19,333,512</u>	<u>\$ 25,788</u>

Investments Authorized by *Illinois Compiled Statutes* and the County's Investment Policy

The County is allowed to invest in securities as authorized by 30ILCS 235/2 and 235/6 of the *Illinois Compiled Statutes*. The County's investment policy is consistent with *Illinois Compiled Statutes*.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The County's investment policy does not specifically address interest rate risk; however, one of the ways that the County manages its exposure to interest rate risk is by limiting its purchases of long term investments. At August 31, 2011 the County's investments were deposits in financial institutions. The deposits are all demand deposits with the exception of the following:

		<u>Maturity Date</u>
Certificate of Deposit	\$1,000,000	October 18, 2011
Certificate of Deposit	21,043	November 19, 2011

Note 3 - Cash and Investments (Continued)

Disclosure Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's investment policy requires the Treasurer to use investments approved for governmental units as set forth in the most current issue of the Illinois Compiled Statutes including Securities Exchange Commission registered and AAA rated by Fitch and Standard & Poor's mutual funds consisting of U.S. Government Treasuries. As the County's investments are all deposits with financial institutions, the investments are not subject to credit risk rating.

Concentration of Credit Risk

The investment policy of the County contains no limitations on the amount that can be invested in any one issuer. Deposits with financial institutions are not subject to credit risk rating.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. *Illinois Compiled Statutes* and the County's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits. The County's investment policy leaves to the discretion of the Treasurer whether or not collateral will be required of financial institutions receiving County funds.

As of August 31, 2011, \$15,527,560 of the County's deposits with financial institutions in excess of federal depository insurance limits were held in accounts collateralized by securities held by the pledging financial institution and \$1,071,306 were held in uncollateralized accounts.

Illinois Funds

The County is a voluntary participant in the Illinois Funds Money Market Fund, a money market fund created in 1975 by the Illinois General Assembly to permit participants to pool their investment funds. The Illinois Funds Money Market Fund invests in U.S. Treasury bills and notes backed by the full faith and credit of the U.S. Treasury and in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements. The time deposits are collateralized 105% over FDIC or FSLIC \$250,000 insurance with U.S. Treasury obligations and marked to market on a weekly basis to maintain sufficiency. The repurchase agreements are collateralized at 102% with U.S. Treasury obligations and the collateral is checked daily to determine sufficiency. The individual participant's maintain separate investment accounts representing a proportionate share of the pool assets and its respective collateral; therefore, no collateral is identified with each individual participant's account. The value of the County's investment in this pool is reported at cost, which approximates market. Investors are not required to maintain minimum account balances.

Note 3 - Cash and Investments (Continued)

The fair value of the County's position in the pool is the same as the value of the pool shares. Investors are not required to maintain minimum account balances.

Foreign Currency Risk

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair values of an investment or deposit. None of the County's investments are directly subject to foreign currency risk. The County's investment policy does not address foreign currency risk.

Note 4 - Notes Receivable

The County has the following two notes receivable outstanding at August 31, 2011:

Whitetail Crossing, Inc

The terms of this loan agreement require 10 annual installments of \$7,048.77 including interest of 3% commencing on June 1, 2007 until June 1, 2016.

Note 7 - Retirement Plans

Shelby County participates in two retirement systems; the Illinois Municipal Retirement (IMRF) and Social Security. Employees who meet prescribed annual hourly standards are members of IMRF.

A. Illinois Municipal Retirement Fund

Plan Description

The County's defined benefit pension plan for Regular employees, Elected County Officials (ECO) and Sheriff's Law Enforcement Personnel (SLEP) provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy

Regular Plan Members

As set by statute, Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statutes require employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2010 was 13.13 percent. Shelby County also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

ECO Plan

As set by statute, Elected County Official plan members are required to contribute 7.50 percent of their annual covered salary. The statutes require employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2010 was 64.55 percent. Shelby County also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Note 7- Retirement Plans (Continued)

Regular Plan

The required contribution for 2010 was determined as part of the December 31, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. Shelby County's Regular plan's unfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on an open 30 year basis

Funded Status and Funding Progress

As of December 31, 2010, the most recent actuarial valuation date, the Regular plan was 70.40 percent funded. The actuarial accrued liability for benefits was \$9,025,201 and the actuarial value of assets was \$6,353,600, resulting in an underfunded actuarial accrued liability (UAAL) of \$2,671,601. The covered payroll for calendar year 2010 (annual payroll of active employees covered by the plan) was \$2,737,799 and the ratio of the UAAL to the covered payroll was 98 percent.

These funds are assessed by the Court on individuals, and remitted to applicable external government units in the subsequent month.

Note 12 - CEFS Agreement

Shelby County is the grant recipient of a Rural Transportation Program Section 18 Operating Assistance Grant. The grant represents federal funding from the Urban Mass Transportation Administration and is passed through the Illinois Department of Transportation to the County. There is a third party agreement between Shelby County and five other participating counties - Clay, Montgomery, Fayette, Moultrie and Douglas.

The Section 18 Operating Grant allows Fayette, Clay, Shelby, Montgomery, Moultrie and Douglas counties to provide, via CEFS Economic Opportunity Corporation (a service provider), rural public transportation service.

The Section 18 Operating Grant proceeds and related purchased transportation service expenditures are accounted for in the "Rural Transportation" Special Revenue Fund.

Note 13 - Commitments and Contingencies

Highway Department

The Shelby County Board approves township petitions and commits county funds on a cost-sharing basis for sundry projects. The amount committed for projects at August 31, 2011 is not reflected in the financial statements but is estimated to be \$463,846.

Lease Agreement - County Health Building

On July 10, 1996, the Shelby County Board approved the County Health Department to become a party to a 25 year lease with SCCS Enterprises, Inc. for the lease of a structure to house the operations of the County Health Department. The lease provides for a minimum annual rent of \$36,000 payable in twelve monthly installments of \$3,000. The County paid \$36,000 in rental payments to SCCS Enterprises, Inc. during the year ended August 31, 2011.

Note 13 - Commitments and Contingencies (Continued)

Grant Audits

The County receives state and federal grants for specific purposes that are subject to review and audit by State agencies. Such audits could result in a request for reimbursement by the State for expenditures disallowed under the terms and conditions of the appropriate agency. Management expects such disallowances, if any, will not be significant to the financial statements.

Compensated Absences

County employees are entitled to paid vacations depending on job classification, length of service and other factors. The computed amounts of compensation for future absences at August 31, 2011 was \$77,009. This liability is not included in the County's financial statements as they are prepared on the modified cash basis of accounting.

Lease Agreement – County Farm

In February, 2011 the County extended the lease agreement for the Shelby County Farmland. This lease provides for minimum annual rent of \$29,445 payable in semi-yearly installments of \$14,723. The County received \$29,073 in rent income during the year ended August 31, 2011.

Other Post Employment Benefits

The County has committed to provide eleven months of the former Sheriff and his wife's health insurance annually. The benefit is being provided in accordance with Illinois statutes regarding disability of law enforcement officers disabled in the line of duty. When the parties become Medicare eligible, the provided coverage shall be reduced to a Medicare supplement. If the former sheriff or his wife secure employment that provides health insurance, Shelby County's insurance coverage of the former Sheriff or his wife will terminate.

The benefits are not advance funded; therefore, they are expensed in the period paid. The County recognized expenditures of \$11,009 in the General fund during the year ended August 31, 2011 for this benefit. The benefit commenced in September, 2006.

Subscription Agreement

The County has a five year subscription agreement with Fike & Fike, Inc, for property tax software, training and support on a per parcel basis. The agreement commenced on September 1, 2008 and expires on August 31, 2013. During fiscal year 2011, Shelby County paid \$23,077 under terms of the agreement.

Legal Matters

The county is a defendant in two lawsuits. The defense for the County is being provided by Shelby County's insurance carrier and the State's Attorney's office. No estimate of probable outcomes is available.

SHELBY COUNTY, ILLINOIS
 NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED AUGUST 31, 2011

Note 1 – Significant Accounting Policies

The accompanying schedule of expenditures of federal awards is a summary of the activity of the County's federal award programs presented on the modified cash basis of accounting. Expenditures are recognized and recorded upon the disbursement of cash. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

Note 2 – Nonmonetary Assistance

Nonmonetary assistance for road and bridge construction and vehicles are reported in the schedule at the fair market value of these items received. Nonmonetary assistance for immunization vaccines, and food supplements are reported in the schedule at the fair market value of these items received and disbursed.

Note 3 – Subrecipients

Of the federal expenditures presented in the schedule, Shelby County provided federal awards to the subrecipient as follows:

<u>Program Title/Subrecipient</u>	<u>Federal CFDA Number</u>	<u>Amount Provided to Subrecipient</u>
Public Transportation CEFS Economic Opportunity Corporation	20.509	<u>\$352,626</u>

Note 4 – Insurance Provided by Federal Agencies

The County did not receive any insurance coverage provided by a federal agency during the fiscal year ending August 31, 2011.

SHELBY COUNTY, ILLINOIS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED AUGUST 31, 2011

A. SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses a qualified opinion on the financial statements of Shelby County, Illinois due to the financial statements being presented on the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America and due to the omission of disclosures required by Governmental Accounting Standards Board Statement 45.
2. One significant deficiency disclosed during the audit of the financial statements of Shelby County is reported in the Report on Compliance and on Internal Control over Financial Reporting based on an Audit of Financial Statements performed on accordance with *Government Auditing Standards*. This condition is reported as a material weakness.
3. One instance of noncompliance material to the financial statements of Shelby County was disclosed during the audit.
4. No significant deficiencies relating to the audit of major federal award programs is reported in the Report on Compliance with Requirements applicable to each Major Program and Internal Control over Compliance in accordance with OMB Circular A-133.
5. The auditor's report on compliance for the major federal award programs for Shelby County expresses an unqualified opinion.
6. There were no audit findings relative to the major programs for Shelby County.
7. The program tested as a major program includes:

<u>Name</u>	<u>CFDA No.</u>
Highway Planning & Construction – Non-Cash	20.205
Women, Infants and Children Program	10.557
8. The threshold for distinguishing Type A and B programs was \$300,000.
9. Shelby County was determined to be a low-risk auditee.

B. FINDINGS — FINANCIAL STATEMENT AUDITS

Material Weakness

1. Full Disclosure Financial Statements

Condition: The County prepares interim financial reports using software specifically designed for governmental reporting. These interim reports are reviewed by county management. For yearend reporting purposes, the County relies on the auditor to prepare drafts of full disclosure statements (including footnotes) in accordance with Government Accounting Standards Board Statements #34. The County currently lacks significant expertise to prepare yearend full disclosure financial statements without significant assistance from the auditor.

Criteria: In accordance with prescribed definitions in the Statement of Auditing Standards #112, it is a strong indication of a material weakness in internal control over financial reporting if an entity lacks significant controls over the period end financial reporting process. The standard provides guidance regarding the extent to which the auditor may be involved in drafting an entity's financial statements.

Cause: The County has not retained an individual to specifically monitor standards promulgated by the American Institute of Certified Public Accountants as they relate to full disclosure financial reporting. Preparation of full disclosure yearend financial statements is not an assigned function for County accounting staff.

Effect: Lack of sufficient expertise for full disclosure yearend financial statement preparation could result in controls not being effective in preventing or detecting material misstatements particularly in the related footnotes to the financial statements.

Recommendation: We recommend that the County provide training opportunities for its accounting staff that would enable them to become more familiar with general disclosure requirements. This training should include, but is not limited to the usage of a "standards compliant" disclosure checklist, which provides guidance to the financial statement's contents and whether a necessary disclosure has been omitted.

Response: Management is currently confident of the abilities of the accounting staff to prepare interim financial statements. It is unclear what level of training may be needed to reach an appropriate level of expertise to prepare full disclosure yearend financial statements. Management will reevaluate yearend reporting controls annually and pursue additional training when it is considered cost beneficial.

Material Noncompliance

2 Expenditures exceeded the budgeted amounts

Conditions: The County did not operate within the legal confines of its budget. Expenditures materially exceeded the budgeted amounts in the Rural Transportation Fund.

Criteria: The County is required by *Illinois Compiled Statutes* to operate within the legal confines of its budget.

Cause: The overexpenditure was caused by the timing of the receipt of grant funds. Rural transportation grant monies are received by the County and immediately passed through to the Service Provider. On August 30, 2011, \$355,609 of Rural Transportation monies were received by the County, and the budget could not be amended to reflect the pass through of these funds prior to the County's August 31, 2011 fiscal year end.

Effect: Because the County did not operate within the legal confines of its budget, expenditures in excess of the budget constituted unauthorized spending.

Recommendation: Shelby County should monitor the Rural Transportation receipts and amend the annual budget as necessary.

Response: The County concurs with the recommendation.

C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

Our tests did not reveal any findings or questioned costs relative to major federal award programs.

Audit Period: Year ended August 31, 2011

The findings from the Fiscal Year 2011 Schedule of Findings and Questioned Costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule. Section A of the schedule, Summary of Audit Results, does not include findings and is not addressed.

FINDINGS – FINANCIAL STATEMENT AUDITS

Material Weakness

B-1 Full Disclosure Financial Statements

Recommendation: The County should provide training opportunities for its accounting staff that would enable them to become more familiar with general disclosure requirements. This training should include, but is not limited to the usage of a "standards compliant" disclosure checklist, which provides guidance to the financial statement's contents and whether a necessary disclosure has been omitted.

Action Taken: Management will reevaluate yearend reporting controls annually and pursue additional training when it is considered cost beneficial.

Material Noncompliance

B-2. Expenditures exceeded the budgeted amounts

Recommendation: The County should monitor individual fund expenditure levels, periodically compare with budget amounts and amend the annual budget as necessary.

Action Taken: We concur with the recommendation, and it will be implemented in fiscal year 2012.

FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

The auditor's tests did not reveal any findings or questioned costs relative to major federal award programs.

If the Illinois Department of Transportation has questions regarding this plan, please call Shelby County.

Shelbyville, Illinois

In planning and performing our audit of the financial statements of Shelby County, Illinois, as of and for the fiscal year ended August 31, 2011, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting.

However, during our audit we became aware of the following matters that are opportunities for strengthening internal controls. The following paragraphs summarize our comments and suggestions regarding these matters. This letter does not affect our report dated March 9, 2012 on the financial statements of Shelby County, Illinois.

The interfund loans disclosed in Note 8 in the Notes to Basic Financial Statements have been outstanding for several years. We recommend the interfund receivable and payable balances be investigated and that board action be taken to either repay or forgive the loans.

Three funds reported as capital projects funds have had no activity, other than the recording of interest income, for several years. We recommend the board review the purpose and use of such funds and consider eliminating the Carriage Park, Findlay Road and Garden Acres funds.

We will review the status of these comments during our next audit engagement. We have already discussed these matters with County personnel, and will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

SHELBY COUNTY BOARD
RESOLUTION NO. 2012 -07

A Resolution opposing the closure of the Colonel John H. Wilson, Jr. United States Post Office Mail Processing Center in Springfield, Illinois

WHEREAS, the United States Postal Service (USPS) has announced plans to study the potential closure or conversion of as many as 250 processing centers nationwide, including the Colonel John H. Wilson, Jr. (Springfield Main) post office mail processing center located at 2105 East Cook Street, Springfield, Illinois, serving a vast portion of Central Illinois; and

WHEREAS, the post office in Springfield under consideration for closure serve a population of approximately 150,000 residents, including many residents in Shelby County; and

WHEREAS, the USPS was established under provisions of the U. S. Constitution, and is charged under the principles of universal service obligation to provide a range of products, access to services and facilities, delivery frequency, affordable and uniform pricing, service quality, and security of the mail; and

WHEREAS, many residents of the affected neighborhoods do not have easy access to transportation and must rely upon postal service centers within walking distance or within close proximity to homes and businesses; and

WHEREAS, it is anticipated that if the Springfield Processing and Distribution Center is closed, the mail processing will be transferred to and consolidated with the St. Louis Processing and Distribution Center ("St. Louis P&DC"); and

WHEREAS, in the Audit Report of Postal Service Performance During the 2010 Fall Mailing Season, issued September 7, 2011, the St. Louis P&DC had the second highest percentage of delayed mail of first handled pieces which was caused from not adjusting mail flow, sort plans and staffing timely to meet operational requirements and from not accurately identifying and reporting delayed mail; and

WHEREAS, the Audit Report noted that the service scores for the St. Louis P&DC generally lagged behind the national service scores; and

WHEREAS, the closure of the Springfield Post Office will have a dramatic negative impact on mail service throughout Central Illinois, including the occurrence of substantial delays for mail service by using the St. Louis P&DC instead of the Springfield Post Office, the inability to obtain metered mail from a location nearer to Shelby County and the additional expense incurred for local mail to be sent for processing to and from the St. Louis P&DC; and

WHEREAS, the Springfield mail processing center currently serves as an efficient center, ranking number nine of 252 centers nationwide in terms of processing flats; and

WHEREAS, the closure of this facility will severely limit residents and businesses in Shelby County in their ability to continue conducting business in an efficient and effective manner; and

WHEREAS, such Central Illinois closures have the potential to result in a loss of more than 400 jobs in the region and hundreds of thousands of sales tax revenue, imposing a sincerely negative impact on the Central Illinois economy as a whole.

THEREFORE, BE IT RESOLVED, that the Postmaster General and the U. S. Postal Regulatory Commission are urged to maintain full postal services in Central Illinois that provide all residents with uniform access to affordable, secure and dependable mail delivery, postal boxes, and related services; and

BE IT FURTHER RESOLVED, that the Shelby County Board, on behalf of the business owners and residents of Shelby County urge the Postmaster General and the United States Postal Service Regulatory Commission and the Springfield Postmaster to continue full operation of the Springfield Processing Center.

BE IT FURTHER RESOLVED, that the County Clerk shall provide copies of this Resolution to President Barack Obama, U. S. Senator Richard Durbin, U. S. Senator Mark Kirk, U. S. Representative Bobby Schilling, U. S. Representative John Shimkus, the U. S. Postmaster General, the U. S. Postal Regulatory Commission and the Springfield Postmaster.

AN ORDINANCE AMENDING THE ANIMAL CONTROL ORDINANCE NO. 84-1

WHEREAS, on FEBRUARY 8, 1984, the Shelby County Board passed Shelby County Ordinance Number 84-1 regarding the Illinois Animal Control Act pursuant to Illinois Statutes; and,

WHEREAS, said Ordinance, Section 8(d) allows the County to collect a fee for all animals impounded by a municipal Dog Catcher and disposed of pursuant to subsection c of Section 8 of the Ordinance, and that the municipality shall pay to the County Animal Control Fund, through the County Animal Control Office, within thirty days of a notice of such disposition, \$7.50 per animal, which may be accomplished by deduction of such amounts from current revenues owned by the Animal Control Office to such municipality, and when accompanied by appropriate accounting notation and recording; and,

WHEREAS, the costs incurred by the County for said disposal has significantly increased since the passage of the Ordinance in 1984; and

WHEREAS, to not substantially burden the County with the extra expense of complying with the statutory requirements of enforcing the Animal Control Act and defray expenses of disposing of said animals, the County sets the new fee for the disposal of said animals at the rate of \$20.00 per animal.

NOW, THEREFORE, BE IT, AND IT IS HEREBY ORDAINED:

1. That the fee imposed and collected by the County Animal Control Office for the disposal of animals pursuant to Section 8 of Ordinance 84-1, shall be \$20.00; and

2. That imposition of said fee shall commence on 3/14/2012, 2012.

RESOLUTION NO. 2012-08

Courthouse Improvements

WHEREAS, the Public Buildings Committee has met and believes it is necessary to have some renovations completed on the Shelby County Courthouse to bring the facility into compliance with Americans with Disabilities Act;

WHEREAS, the Courthouse needs some standards improvements due to the age of the facility; and

WHEREAS, the Public Building Committee recommends that the work be put out for bids pursuant to statute.

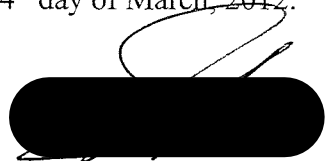

NOW, THEREFORE, BE IT RESOLVED, by the County of Shelby, that the Board of Shelby County, Illinois shall put out for bids the specifications for improvements to the Shelby County Courthouse as follows:

1. Install complete heating and air conditioning geo-thermo system including geo-thermo wells, material, labor and back filling the existing "cellar-boiler room" with the replacement of the concrete to accommodate the north/east entrance and a handicap accessible approach thereto at a later date. Estimated cost \$650,800.00.
2. As the above work is accomplished storm winds internally installed shall be completed. Estimated cost \$53,936.00.

BE IT FURTHER RESOLVED, by the County of Shelby that the effective date of the provisions of this Resolution shall be March 14, 2012. Done in open meeting this 14th day of March, 2012.

To the County Board of Shelby County, Illinois:

The undersigned, Highway Commissioner of the Road District of Richland in said County, would respectfully represent that a pipe culvert needs to be replaced over the unnamed tributary where the same is crossed by the highway TR 348 at a point near the NW 1/4 NW 1/4 Section 36; R5E; T11N; 3rd PM

in said Road District, for which said work the Road District of Richland is responsible; and the cost of which work will be seven thousand Dollars, which sum will be more than .02 per cent of the full, fair cash value of all the taxable property in said Road District, as equalized or assessed by the Department of Revenue, and the tax rate for road purposes in said Road District was in each year for the 2 years last past not less than the maximum allowable rate provided for in Section 6-501 of the Illinois Highway Code.

Wherefore, the said Highway Commissioner hereby petitions you for aid, and for an appropriation from the "County Bridge Fund" in the County Treasury of a sum sufficient to meet one half the expenses of said bridge or other work, said Road District being prepared to furnish the other half of the amount required.

Dated at Shelbyville, this 22nd day of February 2012

Dear fellow board members,

It saddens me to write this letter but I know that the time has come. Due to my present health condition, I have decided to resign as a member of the Shelby County Health Board. I would like this resignation to be effective immediately.

I have enjoyed serving as a board member. I sincerely hope that the board's good work continues. I have always felt that it does an important job for the county.

Yours truly,

MINUTES OF MEETING

February 6, 2012

Jim Looft calls the meeting to order.

Bruce Cannon introduces Robert Simpson who is taking Roger Pauley's position on the committee.

Minutes of the previous meeting were read.

Jim makes a motion to approve the minutes as read and it was seconded.

The Treasurer's Report was reviewed by all and approved.

Steve Wempen reports taking \$30,000 from the farm account and depositing it in the checking account in order to pay off the \$60,000 note at Shelby County State Bank by it's due date.

He also reported that the \$81,000 reimbursement was going to be delayed a couple more weeks because it still needed a signature from Hansons office.

Steve also mentions that he intends on closing a CD at Busey Bank that is coming due in mid February for \$23,000 and depositing it in the checking account to make the money more readily available this spring when the next project gets started.

The electrical vault project now includes in addition to a new beacon, wind cone, navaides, and the installation of taxiway lights, we are also getting new runway lights by putting the new tractor off one year.

Also, REA would like to know our future plans for the development out front so they can plan for getting a new service to the new vault. If we need to alter it in less than twenty years it will be at our expense.

REA will also disconnect and remove the old transformers behind the trailer at no expense to us.

Steve also mentions informing Jim that the trailer needed to be gone by April 1st. Jim replied that he had just sold it that day and that it would be gone by that date.

The electric bill took a dramatic increase partly because of a heater in one of the new hangars but the main cause was thought to be from a window glass that had been broken out and open for about two weeks letting heat go outside. Some discussion followed on other possible causes of the electric usage.

One of the new renters was hanging a small aircraft from the ceiling in new hangar and once contacted it has been removed. Hanson's were contacted and they advised us to contact the building manufacturer, but said that because of the competitive pricing the buildings are usually spec'd at bare minimums and would advise removing it that over extended time it could possibly sag.

Managers Report

Jim Putney reports getting a few things cleaned up and that Jeff Green, (renter), has been helping him out some with a few things here at the airport. He also mentioned making a call and verifying what phone number to call and what procedures to use in case of an emergency situation and get it posted.

Jim also mentions getting the end half hangar cleaned out so it will be ready for Rick Reed.

The hole for the center pin on Derek Percy's door and a couple others needs altered in order to work.

Reber Welding is to come out and do some more welding on some hangar doors and also on the snow plow.

Jim mentions we're down to just over 700 gallon of fuel.

Precise needs to come back and fix a switch on Ryan Creamers door and adjust Derek's door which seems to have moved. Jim said he had called and talked to Reid Torbeck about it.

End of Managers Report

Bills Presented

Shelbyville Ace Hardware--Misc. Supplies	\$	52.62
--	----	-------

Steve mentions talking to Barnhart again and was given some more excuses why it wasn't done and that they would be getting started shortly.

Also talked some more about getting enhanced lighting at each threshold which is about twenty percent brighter than the standard lighting. Some more discussion followed on the new lighting.

Derek Percy, one of the renters, mentions a young lady Jessica Cox, who was born with no arms and is a pilot. She makes a living as a motivational speaker, but also has a black belt in Tae Kwon-Do and is going to be in town on Friday April 27th. She is willing to come out to the airport that morning if we want to put something together for the public to come and see.

Some discussion followed as to what else we could do as an additional crowd draw. Derek is going to try and put something together and bring to the next meeting.

Jim Looft makes a motion to adjourn and Steve seconded it.

Lloyd Carroll from Tower Hill met with the AC Committee to discuss bill for Animal pick-up (2011). Tower Hill would like to "trade out" Kennel service & traps in place of per animal fees. The Committee would like each village to be treated equally. The County will pay Tower Hill for services and Tower Hill will pay county as billed. However, we owe Tower Hill for a trap that was stolen while in our possession.

Reviewed claims/invoices - NEW Truck \$18,514

Safety Committee has money from Insurance to divide between County departments. Animal Control to get \$1300 to be spent on Safety. Suggestions = NEW Truck Radio \$500
Traps (2)
Bite Proof Gloves
Cat Nabbers

State Inspection - Good - recommended that Animal Control should have a Digital Camera

- recommends a Medical Record ~~for~~ each animal

"Animal Hoarding" - Cat Farm near Middlesworth

Many cats - poor care

Garbage piling up.

Brad has been advised to approach the situation

cautiously. Owner cannot have cats in Decatur City ^{limits}

Going to monitor situation and see what can be done legally.
