DISCUSSION

Zoning Administrator, Scott McKee, brought forth drafts to update the County Ordinance to be in compliance with State legislation for both Wind and Solar farms.

The Zoning Administrator walked the ZBA through the new Wind Ordinance line by line.

Afterwards, there was discussion about the impact these new ordinances would have on the farming community, recyclability of the Turbine Blades, and the future of renewable energies in general.

Bruce Steinke expressed that he didn't feel it was appropriate for the ZBA to pass these amendments without the documents being vetted by the State's Attorney, Robert Hanlan.

Jim Hampton made a motion to reject the amendments until such time as they have been reviewed by the State's Attorney.

Mike Meyer's seconded the motion.

Motion passed unanimously.
